

Our first annual Jog-A-Thon is complete and was a tremendous success! Thanks to everyone who participated in this great event. Not only did it raise funds for the PTO, it also promoted healthy lifestyles and a sense of community. Classrooms and schools worked together to reach goals and parents, teachers, and students all supported each other on the day of the run. Most importantly, the kids took an active role in raising money for their classroom and school. We needed to bring in \$15,000 to replace our usual fall fundraisers; our goal was to bring in \$10,000 per school...our final total was \$37,379.99!

We really are so fortunate to live in this great community where everyone, from the administration to the teachers, parents, and students, supports our schools and kids. The PTO thanks you all for your support and participation!

Below are some of the stats from the Jog-a-thon...

Kearns:

- \$16,457.66 raised
